

Would you like to speak with a pediatrician without making an appointment?

Then come to our Family Gathering!

February 4, 2012

10 am-12 noon

Judy Shaw, a local pediatrician with years of experience, will join us on Saturday, February 4, to speak about raising healthy babies, when you should call the doctor, and common misconceptions about infant care. Judy will also be available to answer questions you may have, so please come and participate in a very informative morning.

Join a group of parents with their babies and older children for socializing and support around the joys and challenges of raising a happy and healthy family. Make some new friends!

Mark your calendars: On Saturday, March 3, Dina Morrissey, program coordinator of the Injury Prevention Center at RI Hospital, will speak about keeping children safe at home and in the community.

Relax and enjoy! Refreshments are provided.

This free event is held at the First Unitarian Church
